Nishaa S

EDUCATION

Expected in May 2026 **Bachelor of Technology**
Information Technology | Bannari Amman Institute Of
Technology, Sathyamangalam

6.15 CGPA

May 2023

Diploma | Computer Technology
Kongu Polytechnic College, Perundurai
Percentage: 93.92

March 2020

SSLC

Bharathi Matriculation School, Kempnaiyakanpalayam
Percentage: 85.6

PROJECTS

1)FRLIT – AI Friendly Chatbot

- Designer & Programmer | Duration: 30 Days | Team Size: 4
- Developed an AI-based chatbot to assist users with small tasks and general queries.
- Designed the frontend using Python and managed backend operations using SQL.
- Implemented real-time response handling and database integration.
- Focused on user-friendly design and system efficiency.

2)Application Development for Monitoring Wool from Farm to Fabric Designer | Team Size: 4

- Designed a digital platform to monitor the wool supply chain from farm to final fabric production.
- Contributed to UI/UX design for both web and mobile applications.
- Integrated inventory management and real-time analytics features.
- Ensured sustainability tracking and regulatory compliance within the system.

3)Silk Journey – Monitoring System from Cocoon to Cloth Backend Developer | Team Size: 4

- Developed backend modules to track silk production across all stages.
- Implemented secure database management and inventory tracking features.
- Enabled real-time data analytics for supply chain monitoring.
- Ensured data security, scalability, and system reliability.

4)Blockchain-Based System for Ayurvedic Herbal Traceability

- Developed a blockchain-enabled system to ensure end-to-end traceability of Ayurvedic herbs.
- Designed decentralized architecture to prevent data tampering and enhance transparency.
- Implemented smart contracts for secure transaction validation.
- Integrated QR-based product tracking for authenticity verification.

EXTRACURRICULAR ACTIVITIES

Playing badminton, listening to music, drawing

PAPER PRESENTATION

Presented a paper titled 'Artificial Intelligence' on February 15, 2023 in Kongu Polytechnic College, Perundurai.

Presented a paper titled 'Silk Journey: A Monitoring System from Cocoon to Cloth' on April 10 in SRM TRP Engineering College, Tiruchirapalli.

LANGUAGES

Tamil: First Language

English: C1

Advanced (C1)

ACCOMPLISHMENTS

During my diploma, I actively participated in various sports, including volleyball, throwball, and badminton, and I had the opportunity to represent my institution in several tournaments, winning multiple medals and certificates in these games.
