Diploma - ECE	Percentage: 80
2020	Shree Gurukulam Hr.Sec. School,Gobichettipalayam
School	Percentage :76.5

PROJECT

Smart Platform for Seamless Movie Search and Discovery

Developed a web-based movie discovery platform that enables users to search, explore, and discover movies efficiently. Integrated advanced search and filtering features to provide personalized recommendations and detailed movie information, enhancing the overall user experience.

Forgery Document Detection System

Developed an intelligent document verification system to detect forged or tampered documents using machine learning and image processing techniques. The system analyzes document authenticity, identifies alterations, and improves the accuracy and efficiency of fraud detection.

TECHNICAL SKILLS

• PCB Design	• Simulation & Design	• Java	• UI/UX Design
• VLSI & Digital Design	• Embedded system & IOT	• C	• Python

INTERNSHIP

Textile Production Intern | Rajam Textiles, Erode
